WPA2 challenge #4

Attached, you will find a pcap file containing the 4-way handshake packets and the additional beacon packet.

Interesting fact: many of the Wifi passwords used in Israel are phone numbers... In this case, we also know that the phone number used starts with 054055.

Your goal is to brute force the password.

You can use your code from WPA2 challenge #2!

The flag will be the password. Good luck!
